

AGRICULTURAL COMMUNICATIONS AND DOCUMENT SUBMISSIONS

No lands shall be classified as agricultural lands unless an initial Application and Return for Agricultural [Classification of Lands](#) is filed with the Property Appraiser's Office as set forth per section 193.461 (3)(a), F.S. The deadline for timely applications is on or before March 1 of each year. If the application is received late, then the applicant forfeits receiving the mandatory July 1 notice of application status. The property appraiser, before so classifying such lands, may require the taxpayer or the taxpayer's representative to furnish the property appraiser such information as may reasonably be required to establish that such lands were actually used for a bona fide agricultural purpose.

All applications and documents in support and detailing such information linking the agricultural use to bona fide commercial operation may be submitted to the following email address:

agsubmissions@miamidadepa.gov

This email address may also be utilized for general communication or to initiate the evidence exchange process with the Office of the Property Appraiser for parcels that have been petitioned for review by the Value Adjustment Board.

All correspondence must contain contact information (name and telephone number) and the folio number or petition number of the property in question.
